

## KNX SCALE OF FEES FOR PRODUCT QUALIFICATION AND CERTIFICATION<sup>1</sup>

APPROVED BY THE KNX MANAGEMENT BOARD 02/06

### 1. Basic Fee

Type of certificate	Case	Fee	charged
<b>Main Certificate</b>	A	€ 600	For the registration of any hardware developed by the applying member company or licensee [equivalent to one catalogue entry in ETS <sup>2</sup> ]
	B	€ 180	For the registration of any software developed by the applying member company or licensee
	C	€ 30	For the registration of any additional products in an existing main product group [equivalent to additional catalogue entries in ETS]
	D	€ 30	<ul style="list-style-type: none"> <li>▪ Recombination of an already registered product with an already registered application and vice versa</li> <li>▪ Attribution of an already registered application to a new product</li> <li>▪ Reassessment of registered/certified products without retesting (e.g. ETS starter applications, non-certification relevant update of ETS plug-ins...)</li> </ul>
	E	€ 30 <sup>3</sup>	For each combination of a hardware-software <u>already</u> registered/certified according to a legacy standard, if former certification covers all relevant requirements of KNX standard. If not, see cases A to D
<b>Derived Certificate</b>	A	€ 180	For the registration of any hardware developed by a member company or licensee other than the applying company [equivalent to one catalogue entry in ETS]
	B	€ 60	For the registration of any software developed by a member company or licensee other than the applying company
	C	€ 16	For the registration of any additional products in an existing derived product group
	D	€ 16	<ul style="list-style-type: none"> <li>▪ Recombination of an already registered product with an already registered application and vice versa</li> <li>▪ Attribution of an already registered application to a new product</li> </ul>
	E	€ 16	For each combination of a hardware-software <u>already</u> registered/certified according to a legacy standard, if former certification covers all relevant requirements of KNX standard. If not, see cases A to D
Adaptation of version of bus coupling unit	-	€ 180	<ul style="list-style-type: none"> <li>▪ For the registration of any hardware which had previously been registered for another medium [e.g. TP1 device update to PL132]</li> <li>▪ For the registration of any hardware which had previously been registered with another mask version type [e.g. update of product from BCU1 to BCU2]</li> </ul>

- For initiating the procedure and providing certification support to the applicant
- This fee is payable at the date of registration of the product data in the ETS database (if applicable).

<sup>1</sup> This Scale of fees applies to members of the KNX Association cvba only. For members of the KNX Association, all fees are charged with a 20% surplus

<sup>2</sup> Only applicable for KNX/EIB Certification

<sup>3</sup> In case the applicant does not provide a copy of the PIXIT Header, this fee is tripled.

## 2. Audit fee

Type of Audit	Fees	excluding
Pre-license Inspection: assessment of applicant's Quality Management System according to at least ISO 9003 (Quality Audit)	€ 1000 per person (minimum two persons, minimum two days)	travel expenses, living allowance and hotel accommodation

- covers expenses for the KNX system audit (= examination and evaluation of the applicant's Quality Management Handbook and relevant documentation), preparation of the audit (submission of an audit plan), executing the KNX implementation audit and a detailed audit report after the implementation audit
- the Pre-License inspection is **not** carried out when the applicant can submit a copy of QMS Certificate of an accredited body together with a copy of its quality manual.

## 3. Product testing fees

- Consult one of the Accredited test labs (see separate list available at KNX free of charge)
- For tests, for which no uniform KNX test specifications exist, carried out by the KNX Certification Department via witness testing at the applicant's premise, the following hourly rate is charged **€125** (excluding travel expenses, living allowance and hotel accommodation)

## 4. Annual Surveillance Fee

**€75 per certified main product group**

- covers expenses for the surveillance of the certified KNX products (carried out by KNX accredited test labs on KNX' instigation)
- These expenses are charged at the end of each year.

All prices are exempt from Belgian V.A.T. for any company outside Belgium, provided KNX has the applicant's V.A.T. number.
